Bold Groundnuts

Large, oval to elongated Indian groundnut kernels sourced from Rajasthan and Gujarat, offered across commercial grades for roasting, snacking, peanut products and food-processing applications.

Origin
Rajasthan & Gujarat, India

Supply
Bulk export orders

Grades
Commercial size grades

01 • PRODUCT PROFILE

Bold Groundnuts

Bold Groundnuts are characterized by their larger, oval to elongated kernels and light red to reddish-brown skin. The variety is commonly selected where larger kernel appearance, roasting performance and versatile food applications are important.

Key Highlights

- Large, oval to elongated kernels
- Light red to reddish-brown skin
- Multiple commercial size grades
- Suitable for roasting and direct snacking
- Used in salted and coated snack products
- Suitable for peanut products including chunky peanut butter
- Suitable for oil-extraction and other food-processing applications

Technical Specifications

Product	Bold Groundnut
Origin	Rajasthan & Gujarat, India
Kernel type	Large & oval / elongated
Commercial grades	35/40 · 38/42 · 40/50 · 50/60 · 60/70 · 70/80
Skin colour	Light red to reddish-brown
Moisture — commercial kernel page	Maximum 7-8%
Packaging	PP / jute / buyer-specified
Applications	Roasting · snacking · peanut products · food processing
Supply	Bulk export orders; grade and pack confirmed per enquiry

Reference in-shell specification from the supplied research dossier: Bold (Runner), 50/60 count per ounce, in-shell form, maximum moisture 10%, 50 kg PP bag, shelf life 12 months, not polished, not organic, and listed as FSSAI certified. Treat this as an order-specific reference; final lot specification and certificates should be confirmed before shipment.

02 • APPLICATIONS & COMMERCIAL USE

Built for Multiple Food Applications

Rajson Overseas supplies the variety in commercial grades so buyers can specify kernel size, packing format, quantity and destination according to their processing or distribution requirement.

Roasting & snacking	Large kernels are suitable for roasted, salted and coated snack products.
Peanut products	Suitable for peanut-based products, including chunky peanut butter.
Oil extraction	Used in oil extraction and related groundnut processing.
Food processing	Grades can be selected to match buyer processing and size requirements.

Product Gallery

Grade selection: Commercial grades should be matched to the intended application and buyer specification. Size counts, moisture, packing and any special processing requirements are confirmed during quotation and pre-shipment documentation.

03 • EXPORT SUPPLY & BUYER INFORMATION

Export-Ready Supply

The supplied research dossier describes India as a major global groundnut producer and exporter, with Gujarat and Rajasthan identified as key sourcing regions. It also identifies demand across South-East Asia, the Middle East, Bangladesh and European markets, subject to destination-specific standards.

Packaging

- PP bags, jute bags or buyer-specified packaging.
- 25 kg / 50 kg formats are referenced in the supplied Rajson product material; jumbo or customized packing can be discussed.
- Packing format, marking, quantity and container/loading requirements are finalized per purchase order.

Quality & Compliance

- Moisture and commercial grade are checked against the agreed product specification.
- The supplied research dossier identifies IEC, APEDA registration/RCMC, FSSAI documentation where applicable, phytosanitary certification and aflatoxin testing as relevant to export food shipments and destination requirements.
- Aflatoxin control is especially important for groundnut exports; destination markets can apply strict maximum residue limits.
- Final quality parameters, certificates and inspection requirements are confirmed in the sales contract and pre-shipment process.

Trade Reference

The research dossier references HS heading 1202 for raw/unroasted groundnuts and notes that roasted or prepared groundnut products can fall under HS 2008. The exact HS classification should be confirmed for the specific form and destination before customs filing.
