

RAJSON OVERSEAS

Premium Agricultural Exports from India

JAIPUR, RAJASTHAN, INDIA

Indian groundnuts sourced from Rajasthan and Gujarat for international buyers.

Indian Groundnuts. Built Around Buyer Requirements.

Rajson Overseas focuses on supplying Bold and Java Groundnuts sourced from Rajasthan and Gujarat, India, with multiple commercial size grades for international buyers. Buyers can specify their preferred variety, grade, quantity, packaging, destination and delivery terms according to their requirements.

OUR APPROACH

Clear product information, commercial grade options and export-enquiry support tailored to buyer requirements.

WHY RAJSON OVERSEAS

Premium Export Quality Export parameters can include moisture, aflatoxin, kernel quality and other buyer-defined requirements.	Direct Sourcing Bold and Java Groundnuts are sourced from Rajasthan and Gujarat, India.
Multiple Size Grades Commercial grades are available across both groundnut varieties.	Flexible Packaging PP and jute bags, with other formats discussed according to buyer and shipping requirements.
Reliable Export Support Support from product selection and enquiry details through export documentation and shipment requirements.	Application Focus Roasting, snacking, peanut products, peanut butter, confectionery, bakery and other food uses.

VISION

To build lasting relationships with global buyers and establish Rajson Overseas as a trusted source for Indian groundnuts from Rajasthan and Gujarat.

MISSION

To connect Indian groundnut varieties with international buyers by providing clear product information, commercial grade options and export-enquiry support tailored to buyer requirements.

Two Core Indian Groundnut Varieties.

BOLD GROUNDNUTS

Large, oval to elongated kernels with light red to reddish-brown skin, commonly used for roasting, snacking, peanut products and oil extraction.

Origin: India

Applications: Roasting, snacks, food processing

Packaging: 25 kg / 50 kg / Jumbo

Quality: Export Grade

JAVA GROUNDNUTS

Small, round and compact kernels with a pinkish skin, commonly selected for peanut butter, confectionery and dry roasting applications.

Origin: India

Applications: Peanut butter, confectionery, dry roasting

Packaging: 25 kg / 50 kg / Jumbo

Quality: Export Grade

PRODUCT POSITIONING

Both varieties are offered in multiple commercial grades, with final product specifications discussed according to the destination and buyer requirements.
